Cozy country covered porches set the tone for this spaciouly laid out three bedroom 1500 sq.ft. home. The Bexley plan features a kitchen with ample counter space and upper storage as well direct access to a covered rear deck. An L-shaped counter surface in the kitchen lends to an open layout between living areas while cooking for your guests or family, with large windows to compliment the entire space. The large master suite has a walk in closet and four piece ensuite and is tucked away separate from other bedrooms.
